the following numbers of freight cars were loaded in East Germany during the period from 2 through 6 November 1952:

Date in November	In Entire East Germany	For the Occupation Forces	Number of Cars Loaded With Coal	With Fertilizers
2	22,794	352	7,100	822
3	27,821	481	7,849	657
4	27,987	435	7,620	630
5	28,629	424	7,787	768
6	27,940	278	7,773	651

Comment. As compared with the last reported period, the total loading performance of the East German railroads decreased slightly. There was a sizable decrease in the number of railroad cars claimed by the Soviet occupation forces, because the large-scale transportation operations after the close of Soviet fall maneuvers had been completed.
